The Secretary

Local Election Area Boundary Committee

Re: Election Boundaries in the West Clare Municipal District

I wish to make the following Boundary submission. The existing West Clare LEA is extremely large. Geographically it is approx. 50% of the County area.

I request that you consider dividing the existing LEA to its pre 2014 boundaries, having due regard not to have a parish divided or the division of neighbouring parishes that already have strong community links and identities.

I wish you well and thank you for your attention

Regards

Mary O' Dwyer

Secretary
