To whom it may concern;

We, the residents of Dunbro Lane, St Margaret's Co. Dublin feel it is vital that we remain in the Swords Local Election Area.

We are a rural community and have much in common with Swords, Rolestown and other rural communities in North County Dublin. It is of the utmost importance that St Margaret's remain in Swords LEA to ensure we have commonality with our neighbours and to ensure that we will receive fair and consistent consideration and representation.

The development of Dublin Airport has already had a negative impact on our local environment and community. With more development planned for our area- Dublin Airport Masterplan and Fingal Development Plan- the prospect of changing jurisdiction and public representation at this vital stage would be extremely detrimental to all the residents.

Please acknowledge receipt of this email and that you have registered our deeply held concerns

Yours faithfully

Gerard Magee
On behalf of the residents of Dunbro Lane
