A chara,

I refer to your deliberations on amending the LEA boundaries prior to the 2019 local elections. Galway City had a similar review and changes implemented prior to the 2014 election therefore I suggest you leave as is.

Galway City has been divided into three LEA Wards with six elected members for each. With Galway's population ever growing I feel a reduction in representatives or any boundary changes would simply be reversed in the coming years to adapt to the growing population.

Thank you for your consideration.

Regards,  
Cllr. Mike Cubbard
