Hello

i wish to make a submission to the Boundary Commission regarding changes proposed reducing the electoral areas to a max of 7 seats and a minimum of 5 seats

Offaly county council currently has 19 Councillors consisting of Tullamore with 7 Cllrs Birr with 6 Cllrs and Edenderry with 6 Cllrs

As an elected member of the Edenderry Municipal District with 6 cllrs this area is very evenly divided over the Municipal area i would ask that this Municipal area continue to serve the public as it currently exist and no change be incurred

I believe Offaly county council's Municipal Districts are well served by the current number of Councillors per population and therefore i would hope this would continue after the commission has completed its work

Best regards

Cllr Eddie Fitzpatrick
