BOUNDRY REVIEW

We wish to make a submission re the possibility of boundary changes following on the Census of 2016.

Results from the last boundary change, we found ourselves relocated, to the Carrick on Suir Municipal District. Changes had being made without any local consultation . It has being brought to our attention that a review is now on the table , so we would like to submit our thoughts and consider realigning this area with Clonmel as of old.

Our geographical area is closer to Clonmel , our National Schools in the area feed Clonmel, to a point our area is becoming a satellite village for employment and other activities in the Clonmel area. Our knowledge is far greater with Clonmel rather than Carrick on Suir.

With this in mind we would hope that you consider our ideas and return us within the Boundry of the Clonmel Area.

Yours faithfully

Edmond and Carol Gibbs
